PT TIMOR SEA GROW

From the Timor Sea to the World –
Growing Sustainability, Exporting Quality

WHOLESALE IMPORT EXPORT

Timor Sea Grow is an Indonesian seaweed export company dedicated to delivering premium, sustainable products from the pristine waters of Eastern Indonesia. We work closely with local coastal communities to ensure traceability, quality, and eco-friendly practices—bringing the richness of the Timor Sea to the global market.

HI THERE!

Timor Sea Grow is a seaweed export company based in Eastern Indonesia, committed to delivering premium-quality and sustainable seaweed to international markets. We work hand in hand with local farmers, empowering communities and promoting environmentally responsible harvesting. Our products are fully traceable and processed with strict quality standards—ensuring purity, safety, and sustainability. From Indonesia's clean waters to the global stage, we bring nature's marine treasures to the world.

ABOUT COMPANY

Timor Sea Grow is a company engaged in the export and import of seaweed, with a primary focus on Cottonii (*Kappaphycus alvarezii*) and Gracilaria varieties. Located in Eastern Indonesia—home to one of the world’s richest marine ecosystems—we work directly with coastal farmers to deliver seaweed products that are high-quality, sustainably sourced, and fully traceable. Our drying, sorting, and quality control processes follow strict standards to ensure product excellence from harvest to delivery.

We supply dried seaweed with customizable specifications and packaging tailored to meet client needs across food, cosmetics, pharmaceutical, and other industries. With strong experience in international trade, secure transaction systems, and efficient export documentation, we aim to build long-term partnerships with businesses, importers, and distributors worldwide. Trust, professionalism, and sustainability are the foundations of our operations.

WELCOME **MESSAGE**

With gratitude and purpose, we proudly introduce Timor Sea Grow, a company born from the rich marine resources of Eastern Indonesia and driven by a strong commitment to sustainable trade. As global demand grows for natural, eco-friendly raw materials, we respond with high-quality seaweed products—especially *Cottonii* and *Gracilaria*—harvested and processed with care.

We believe success is not just about numbers; it's about trust, integrity, and building lasting relationships with our clients and partners. With rigorous quality standards, transparent processes, and a collaborative spirit, we are ready to strengthen Indonesia's role as a global hub for marine commodities.

Thank you for placing your trust in us.

Warm regards,

Management of Timor Sea Grow

OUR VISION & MISSION

VISION

To become a globally recognized Indonesian seaweed export-import company, committed to environmental sustainability, local community empowerment, and long-term partnerships in international markets.

MISSION

- 1.To supply high-quality, traceable Cottonii and Gracilaria seaweed to meet global industry standards.
- 2.To uphold strict quality and safety protocols in every stage of production and delivery.
- 3.To build mutually beneficial partnerships with farmers, industry players, and global trade partners.
- 4.To promote coastal economic growth through sustainable, community-based collaboration.
- 5.To deliver professional, transparent, and reliable services to our clients worldwide.
